

TUBE LIGHTS

APOLLO LIGHTING
ELECTRICAL SERVICE

Powering Your Event

Minimal Space but need maximum light to fill a public area?

Use our Inflatable Tube Lights!

Giving usable light in a 25 metre radius, Tube Lights offer glare free and shadow free 360° coverage with a small footprint at a height of 3 or 5 meters.

You can even apply cut lettering to the skin for information or directional signage or singular or multiple sponsor acknowledgements.

With a Tube Light you require less power than conventional lighting thus you create less greenhouse gas emissions making your event cleaner and greener.

Technical specifications:

Air-inflated tube (built-in fan) - Indoor or outdoor use

Water and Wind resistant balloon - 360° coverage

Compact, durable - Fast one person set-up & operation

Diameter	Type of lamp	Power Req 240V 50Hz	Lumen	Area	Wind Resistance
3 or 5m x 50cm	600W MH	2.5 Amp	72000	2500m ²	50km/h
